## Virtual Coach CD-ROM

unleash the real potential of your people  
and impact the bottom line

Coaching is a highly effective way of developing and motivating key individuals, and there is a growing demand for executive coaching in corporate life. In a changing and increasingly competitive world, coaching is the primary management skill that consistently delivers the extra performance needed to stay ahead in the marketplace.

### make a difference

**Virtual Coach** will show you how to make a significant difference to the contribution, performance and development of the people around you.

### improve performance

Leading experts from the world of executive coaching provide the critical insights and skills you need to improve the performance of others at all levels.

### learn key coaching skills

Specifically designed so you can proceed at your own pace, **Virtual Coach** helps you pick up all the key skills of coaching, track your progress as you move through it, and even have a 1-1 coaching session yourself.

Included in the programme are;

- Interactive tutorials
- Practice tools and learning materials
- A library of books and other coaching materials
- Videos
- Interactive exercises
- Test questions
- Feedback and review forms for printing off and using in real coaching sessions
- Access to our website for easy contact

**Virtual Coach** is ideal for developing expertise both in novices and more experienced coaches.

### be coached by a professional

There is also an opportunity to be coached by a professional coach, with four to choose from so you can opt for the one with whom you feel you have a natural rapport.

### practice makes perfect

The key to becoming a really effective coach is practice, and **Virtual Coach** provides the opportunities and the tools so you can immediately apply what you learn.

### troubleshooting

There's even a Troubleshooting section where you can hear the experienced views of professional coaches who are dealing with the same kind of problems as you do in your own coaching sessions.
